THE MEETING LAST NIGHT

Speeches in Behalf of Barstow

#### THE RESOLUTIONS SUSTAINING HIS VOTED DOWN!

The aid of Placards, Bonfires, Cannon ar-Music was again freely invoked vesterday, in the partisans of Mr Barstow in this city, to all to gether a meeting at Young's Hall, to taken the Usurper in his defiance of the Court and the Law The people gathered slowly, and there was new dert disinchnation, on the part of sober, intelli gent conscientions critzens to harness themselves o the Barston Car, no matter where it a ould

About 8 o clock the meeting organized with Mr LIBOURY in the chair, a Committee was appointed to prepare and report resolution , and Messra J F Arnord, and Moses M Strong, m turn, add-e-sed the assemblage, at great length, in support of Mr Barstow's pretensions and in defiance of the Supreme Court The resolutions which had been meantime presented and read by Mayor Choss, were then put to the meeting and clearly and emphatically voten nows, by at least two to er e Nevertheless the Chairman declared that the ayes seemed to have it. Whate too the meeting clamored for a distrion of the loude -This the Chairman though, ' not safe, and it clearly was not, for the resolutions rould not have stood the ghost of a chance

Seeing that a fair vote was out of the que tion, the meeting now gave three lousing cheer, for GOV BASHFORD, as many groaps for W A LAR stow, and was immediately after declare | a | journed by the chair. The 10 roll was as much of a wet blanket to the Barstowites in this city as the election of Mr FAIRCRILD, as Mayor of Madison, must have been to their parti a no the State Capital "It is instructive to zer in k in conclusion, that of the long array of prot -ed lowing proceedings transpired speakers only to cappeared, while Mr PHIM and other gentlemen openly repudiated the whole arrangement, and that our German Lellow tata zens very generally tand away. They is jest the law, and will not sustain the men wh tiving to trample it in der foot

t rday, and turned almost enturely upon the puetion of Baratow, or Anti Baratow Mit ! P Arwood headed the Barstow ticket, as the cadidate for Mayor, and Mr J C FAIRCRAFT the Independent, or Arti Barstow ticket After a very hard light, the latter was inumphantly () et ed, by over 200 majority! When it is rem in bered that Manison usually gives about 4 1 or 307 Democratic majorist, and that Mr Bar-10W. obtained 200 majority there, last fall, the till force of this popular rebuke, following immediately upon the usurpers impudent defiance of the Court and the "aw, will be only appreciate !-The Capital has spoken Now let Milwa kee speak and let THE Proper, at their at proaching Town Meetings, speak too!

## The Executive Befying the Come

In vesterday a paper we published the mesons of Ww A BARSTOW acting Governm or the State, to the Assembly apprising them of hi determination to re-ist, by force if necessary the mandate of the Supreme Court, and covern of communication addressed by him to that tribut al conveying a similar announcement. The reason s for this extraordinary proceeding are fully et forth in the document, but utterly ful to justify so revolutionary an act. While it is in one enera confession of judgme 1, it is, in another an indignity to the Court and an insult to the People Mr Barstow, in taking this step substantially admis the facis set forth in Mr Bashropp in formation, but at the same time demes the right of the Supreme Court to inquire into, or aven remedy the wrong and declares his purpose to maintain by FORCE what he has obtained by from a Nor is the manner less objectionable than the

impeach the motives as well as the judgment of the Supreme Court, and ascribe to partitin like their action in the prenties. Happily the Sa preme Court is not a political tisbanal, no it members all of the same political party. One of the three Justices has always been a warm per sonal and political friend of Mr. Barsrow while tne o her two are known to the People of the whole State as men of spotless integrity and not t worthy of the juncial ermine. It is in vain the partisum clamor will seek to a sail the character or weaken the authority of a Court of composition The pretence, therefore, that the Judges were governed by party feeling in deciding that they had jurisdiction in the case, is as idle, as it is false. It does not even impose upon the partisanof the Usurper and will be universally acounby the People

We have characterized the act of Mr. Barrara as revolutionary. It is that and nothing el a It is an attempt to tran for to the Legislature and the Executive duties and respon-ibilities which the Consumution devolves upon the Court. Mr. Barstow claims that he, not the Court, is the judge of the nature and extent of their jurisdic tion, and from their decision, he appeals to the popular branch of the Legislature The Supreme Court, sole judges of the matter, have decided after long argument of able coun el and grave deliberation, that they ha e jui di i contested Governorship Mr Barsten etc.

the parties in the suit, sets up his dictum again the deci ion of the Court and appeals to his par tizons, in and out of the Legi lature, to stand by him in this open defiance of the Court and the Law And many of the party leaders and pres es, we regret to say, promptly respond to the appeal, and avow their reading to, at the bidding of the Usurping Governor, to use il strong hand, if need to, to resist and overturn the de crees of the Supreme Judicial inhunal of the State If they neceed, Fonce takes the place of Law, and henceforth in Wisconsin, at least, Migar rishes Right

But they will not succeed. The People will colorate no such high handed, law defying acts.

The attempt to resst the Judicial tribunals of the State will recoil upon the heads of the desper ate men who try that game Nor will the Court itself be deterred by threats or bravado from Respectfully addressed it the act of Gr er to doing its duty to the parties in the sut and to of Wecomen for his pic of study and crim the People. They will, in their own time and way, pronounce sudement, and by that sudement, whether it be for WM A BARSTOW OF COLE BASHPORD ail good citizens of the State without

TOLDIO, Oblo, February 12th, 1556.

THE DURIES & FORETH MANUFACTIONS COMPANY:
Gentlemen:—On the morning of the 20th ult., a fire broke out in our block, composed of mine buildings, of which our is the centre. Our Safe was one of Darkee & Forryth's manufacture, Rochester, N. 7, stood about middle our store, and was exposed to the most severe fire we have ever witnessed, from 1 until 9% o'clock in the morning. So intense was the heat that our store, which was a large and heavy one, and which stood within about four feet of the Safe, was almost entirely meized down. When we had seen the, we came to the conclusion that the contens of the Safe were not preserved, but on opening it we were very agreeably surprised to find them all in a perfect state of preservation.

The Senate considered bill appropriating \$3,000,000 for increasing the armaments and munitions of war, and for the manufacture of small arms in accordance with the recent recommendation of the President. Bill ordered to be engrossed at third reading by a vote of 22 to 12.

Mr. Jones, of Tenn., did not think the exigency had arisen for such an appropriation. He did not wish it to go abroad that the little speek of war had axisted such proceedings.

Mr. Saward would vote for the bill if amended

Mr. Seward would vote for the bill if amended so as to make definite appropriations for specified etrposes.

He read an extract from the London Telegraph, in which Mr. Sewayd and Mr. Foote were represented as helligment, and an-Foote were represented as belligerent, and ar-other from Lapatrie which reported Mr. Banks, Speaker, as a black man, saving that in the double capacity of a colored man and abolition-ist, he had conspired profound disgust in the minds of Southern members.
